

## **KVS gets a logo on golden jubilee**

**New Delhi:** Kendriya Vidyalaya Sangathan, which started its journey in 1963 with 20 residential schools, not only entered its golden jubilee year but also got a new logo at the start of the year-long celebrations on Wednesday. Inaugurating the celebrations, Prime Minister Manmohan Singh said "Kendriya Vidyalayas in the 12<sup>th</sup> Five Year Plan can help in setting benchmark and be the role model for neighbourhood schools and mentor them."

The new logo has been designed by National Institute of Design, Ahmedabad. The elements presented are a rising sun and books (depicted in a manner giving an impression of flying birds). The books bear the same colour sequence of the national flag. TNN
