Sub: Swine Flu – Precautions to be taken

Madam/ Sir

You must have read about the Swine flu Virus affecting different cities of India recently in various news papers. The death of a school going child in Pune has caused a nation-wide alarm, more so in educational institutions. School going children are more vulnerable to this virus as reported in the news papers.

All Assistant Commissioners and Principals are requested to take immediate steps to get such symptoms investigated in their locations so that the spread of virus can be arrested.

It is also requested to arrange a talk in the Morning Assembly on the symptom and the precautions to be taken in case of swine flu. This is to be taken in all seriousness.

Yours faithfully,

(Dr. U.N. Singh)

Joint Commissioner (Acad)
